

Sutter Roseville Medical Center

About Us

Serving the communities of South Placer, North Sacramento and beyond, the modern facility offers acute care for all ages in a healing environment enhanced by a 57-acre, oak-studded landscape. Sutter Roseville Medical Center (SRMC) has 313 licensed beds and a full array of services and programs designed to serve the growing community. Opened in 1997, SRMC was carefully designed to continue evolving as technology advances and is fully accredited by the Joint Commission on Accreditation of Healthcare Organizations.

As the Placer community expands, SRMC continues to provide additional physicians, hospital beds and programs and services, including a new Neonatal Intensive Care Unit (NICU) and Rehabilitation Institute, to sufficiently serve the growing number of Placer County residents.

SRMC is a Level II Trauma Center, verified by the American College of Surgeons.

About Sutter Health

Serving patients and their families in more than 100 Northern California cities and towns, Sutter Health doctors, hospitals and other health care service providers join resources and share expertise to advance health care quality and access.

The Sutter Medical Network includes many of California's top-performing, highest quality physician organizations as measured annually by the Integrated Healthcare Organization. Sutter-affiliated hospitals are regional leaders in cardiac care, women's and children's services, cancer care, orthopedics and advanced patient safety technology.
